

2012 - 2013 Streets & Utilities Department Rankings

Dept	Project Title	Dept Ranking	Rationale (optional)
Public Works rankings and comments on Public Works Projects:			Construction already underway. Need local dollars to provide amenities not covered by feds or state funding.
Public Works	Lafayette Bridge Replacement	1	
Public Works	Raymond - University to Hampden	2	Project has leveraged funding of \$1.075M - Federal Transportation Enhancement Funds
Public Works	Western Avenue Streetscape Improvements - Selby to University	3	Project has leveraged funding of \$1.04M - Federal Transportation Enhancement Funds
Public Works	Edgumbe Bridge Reconstruction	4	Bridge has been closed for safety. Have \$700K of State funding to replace bridge. Need local share for roadway approach work.
Public Works	Maryland @ Payne Intersection Improvements	5	City share of County project to widen Maryland Avenue - County funding is secured.
Public Works	Maryland @ Arkwright Intersection Improvements	6	County project with secured federal funding. Need local City match for some signal and lighting work.
Public Works	Hamline Avenue Bridge Reconstruction - over Ayd Mill Road & CP Railway	7	Bridge under weight restriction. Need to replace. Design funding approved in 2010-11. Need construction match funding.
Public Works	35E/Cayuga Reconstruction & Bridge Replacement	8	City share of Mn/DOT project. \$500K of CIB leverages \$170M from the State
Public Works	Ford Parkway Reconstruction - Fairview to Snelling	9	Ramsey County Project - need local share to fund above standard items.
Public Works	Prince Street Reconstruction & Extension	10	Met Council is donating ROW and constructing Wilius at no cost to the City. Need \$ for ROW and extending Prince Street.
Public Works	Central Corridor Streetscape - Rice Street to West City Limits	11	Additional local funding is needed to fund the streetscape improvements.
Public Works	Ruth Street Reconstruction - Upper Afton to Burns	12	Roadway is in very bad condition (CPI =26). Needs to be reconstructed in conjunction with Battle Creek/Upper Afton RSVP
Public Works	Montreal Avenue Reconstruction - St. Paul Avenue to Snelling	13	Proposed MSA project to be done in conjunction with adjacent RSVP project area. Roadway in poor condition
Public Works	Rice Street Lighting - University to Acker (Phase III)	14	Continue with committed improvements along Rice Street. Ties in with CCLRT.
Public Works	Pierce Butler East Extension	15	Need to continue to fund ROW acquisition and design funding for the project. Will apply for Met Council funding - TAB process.
Public Works	4th Street Reconstruction - Minnesota to Wabasha	16	Finish the stretch of 4th Street that will not be reconstructed as part of the CCLRT project.
Public Works	Cedar Street Reconstruction - 4th to Kellogg	17	Finish the section of Cedar Street that will not be reconstructed as part of the CCLRT project
Public Works	Battle Creek Road Reconstruction - Upper Afton to Lower Afton	18	Submitted last CIB cycle. Also have proposal from Community to reconstruct Battle Creek Road.
Public Works	Wheelock Bridge Reconstruction - between Park and Able Streets	19	Design funding previously approved. Need to fund local share of construction. Will apply for Fed and/or State Bridge Funding
Public Works	Kellogg Boulevard Bridge Reconstruction @ Market Street	20	Design funding approved in 2010. Need to fund local match for construction.
Public Works	Payne Avenue Reconstruction - Orange to Nebraska (Phase III)	21	Continue with the committed improvements along Payne Avenue
Public Works	Citywide Stairway Repair and Replacement	22	Proposed 10 year program to rehab or reconstruct the 70+ stairways throughout St. Paul. \$125K of CIB each year.
Public Works	Downtown Pavement Replacement	23	Need funding to replace deteriorating sections of roadway downtown. No funding = asphalt patches
Public Works	Rice Street Lighting - Rose to Larpenteur (Phase IV)	24	Finish final phase of committed improvements along Rice Street.
Public Works	Fairview Avenue Reconstruction - Montreal to Beechwood	25	Proposed MSA project to be done in conjunction with adjacent RSVP project area.
Public Works	Homer Street Reconstruction - West Seventh to Shepard	26	Proposed MSA project to be done in conjunction with adjacent RSVP project area.
Public Works	Highland Village Streetscape Improvements	27	Strong community support. Propose to use funding from Cleveland/St. Paul Ave Project (approx. \$500K)
Public Works	Cleveland Avenue Reconstruction - RR tracks north of Villard to Mississippi River Boulevard	28	Proposed MSA project to be done in conjunction with adjacent RSVP project area.
Public Works	Rankin Street Reconstruction - West Seventh to Shepard	29	Proposed MSA project to be done in conjunction with adjacent RSVP project area.

**2012 - 2013 Streets & Utilities
Department Rankings**

Public Works	Sycamore Street Reconstruction - E. Jackson to W. Jackson	30	Proposed MSA project to be done in conjunction with adjacent RSVP project area.
Public Works	5th & 6th Streetscape Improvements - Wabasha to Jackson (Phase 1)	31	Could be submitted during the 2013 CIB Process. More important to get 4th Street and Cedar Street Reconstructed in Downtown.
Public Works	Payne Avenue Reconstruction - Nebraska to Larpeur (Phase IV)	32	This project will finish the final phase of Payne Avenue improvements.
Public Works	Trout Brook Boulevard - Prince Street - Lafayette Road Construction	33	The Prince Street Extension project would have to be approved in order to make the Trout Brook Connection work.
Public Works	Arlington Avenue Reconstruction - Dale to Jackson	34	Proposed MSA project to be done in conjunction with adjacent RSVP project area.
Public Works	Irvine Avenue Wall Stability Improvements	35	Expensive project and no immediate issues to address. Want to get this before CIB so they are aware of potential future costs.
Public Works	Dale Street Lighting - Selby to Grand	36	Request from Police Dep't to install lighting. This was not a neighborhood initiative - ranks as a low priority in Public Works
Public Works	Parkway Drive Reconstruction - Edgerton to Larpeur	37	Proposed MSA project to be done in conjunction with adjacent RSVP project area. PCI indicates in pretty good shape.
